

### Background

SER Construction Partners, Ltd. was founded in 1999 by brothers Eddie and Rick Ramos. The company was formed to provide heavy civil construction services in Houston, Texas and surrounding areas.

In 2007, SER Construction acquired Ramos Industries, another heavy civil construction firm that concentrated operations in the Rio Grande Valley.

In 2008, SER Construction & Ramos Industries performed combined sales of over \$60 Million dollars.

### What We Do

SER Construction specializes in heavy civil construction. We provide the following services:

- Sanitary Sewer Line Installation
- Water Line Installation
- Storm Sewer Installation
